

# Country workshops

Art over Problems

# The idea

- Prepare a **workshop** for everyone in your country teams
- Each country has **up to 15 mins (not more)** – use your creativity for that!
- Must be **interactive, useful & fun!** PPT/Prezi presentations are allowed, yet discouraged. You can show videos, photos, present real life examples, act, sing, use drawings, etc.
- You must **involve all the participants** by giving them an interesting quiz, game, task test, discussion or whatever else you can think of!
- Country with the best workshop will get a special prize! 😊
- P.S. if you need any help, don't hesitate to ask us for some tips

*Please don't make it booooring!*
