

Current Knowledge Assessment

Have you ever participated in any **research** (e.g. making surveys, interviews, questionnaires)? (Yes / No). If so, what it was:

Have you ever done any **research** (e.g. making surveys, interviews, questionnaires)? (Yes / No). If so, what it was:

Can you mention any examples of real-life public/social research (i.e. researching the population/youth)?

.....

Do you have any idea how **research samples** are made? *For example, you want to research the whole population, but can only question 1000 people. How would you choose them?*

.....

Can you explain (in your own words) what is a **focus group**?

.....

What could be negative aspects of public research? Perhaps you can mention any real-life cases/scandals?

.....

Do you have an idea how research can produce **wrong results** (i.e. public surveys prognosing election victory for the candidate, who didn't win)? Can you mention any real-life cases?.....

.....

Can you mention any **public experiments**, that were carried out as research? (e.g. which colour of trash bins makes people use them the most)

.....

How research can be useful for youth workers/youth organisations?

.....

Please grade your current knowledge of research & researching: *put an X in one of the cells below.*
