

Country workshops

Erasmus+ TC Research Makes Perfect

The idea

- Prepare a **workshop** for everyone in your country teams
- Each country has **up to 45 mins** – use your creativity for that!
- Must be **interactive, useful & fun!** PPT/Prezi presentations are allowed, yet discouraged. You can show videos, photos, present real life examples, act, sing, use drawings, etc.
- You must **involve all the participants** by giving them an interesting quiz, game, task test, discussion or whatever else you can think of!
- Country with the best workshop will get a special prize! 😊
- P.S. If you need any help, don't hesitate to ask us for some tips

Please don't make it booooring!

Topics

You can only choose one!

1. Researching youth online / in social media (best methods + how to workshop). What message to use / what questions / what length / what rewards, etc.
2. Researching the public: surveys (best methods + how to workshop (surveying on the spot))
3. Researching the public: interviews (best practices + how to workshop (interviewing one another))
4. Focus group research (what is it / how to workshop / focus group practice)
5. Planning research (how to / dos & donts / creating plans on the spot)
6. Analysing the data / presenting results (how to / dos & donts / best practices)

You can use examples from your country and / or Europe

Remember to make it interactive!
