Goal

- Come up with an initiative / project, which would:
 1. **improve the situation** of IDP's in Kramatorsk
 2. **Be sustainable** (i.e. local NGOs / activists could continue it after we leave)
 3. Have a budget of **up to 10,000 UAH**

It will have to be implemented on **day 6**.

Grouping

- We will be creating real **initiatives/projects**
- Therefore, why not **work with like-minded people?**

*E.g. if **person A** is interested in social business & **person B** is also interested in social business, they both are likely to be in the same group*

Each put **your name** on a piece of paper

On the same paper write down numbers of the **two topics** below that are most interesting to you.

1. **Social entrepreneurship**
2. **Community building events**
3. **Awareness raising initiatives**
4. **(Non-formal) education**

Your piece of paper should look something like this: **Paulius** + 1, 3 + F, C, P
(for example)

Then, tell if you:

- Could film/edit a video (add letter **F** to your piece of paper)
- Have a laptop computer (**C**)
- Know how to Photoshop or similar (**P**)
- Are expert in Instagram (**I**)
- Speak Ukrainian or Russian (add **U**)

Not to get mixed

- You will have:
 - **Social media colour groups** (orange, green, blue, yellow)
 - And, an **initiative / project team** (A, B or C)
- No worries, you will have separate activity slots & enough time dedicated to both
