

PLACES in KAUNAS

Good morning future entrepreneurs,
We hope that you like working together and will do your best – to complete all the tasks and WIN! The team with the most points will get a special prize during the secret party!. It's up to you how you'll manage your timing for this task, but don't forget that lunch is at 14:00.

Please take maximum caution while doing this task. It's going to take place throughout the city, hence we cannot guarantee safety at streets/roads, etc. For that reason by participating you confirm as a participant that you will take full responsibility for your own personal safety and belongings. The participation is voluntarily. Use only pedestrian crossings while crossing the street; walk through parks/pedestrian streets whenever possible; never cross the street when the red light (for you) is on; and, of course, use your common sense!

As a team, you will get Red Paperclip and during the day you should exchange this paperclip to a more valuable thing, and then exchange a new thing to more valuable thing again. You should do that as many times as possible, you have 4 hours for that. As a prove you should take a video of your adventure in Kaunas.

1st TASK: A team without a name is a crappy team.
